MEMORANDUM FOR: Executive Secretary, Management Committee	
SUBJECT : Designation of CIA Manager for COINS	
1. Paragraph 2B of memorandum dtd 28 June 74 (ER 74-4046) reports on the need to designate a CIA COINS Manager, and suggests that ORD, be named in view of his assignment as CIA representative on the USIB/IHC.	
2. This matter was referred to me, via D/DCI/IC, for action per buck slip from Executive Secretary dtd 28 June 74. Response was delayed because was on leave.	
3. I have been in contact with I understand he is talking with ADD/S&T on this and urging that someone other than be selected for COINS.	
4. I have no position on the choice of the CIA Manager. If you are open to considering other names, I suggest that you might look into either of the following:	
a. Former CIA COINS Manager, now working at NPIC for COMIREX/EXSUBCOM.	
b. Now assigned DDI Management Staff; formerly, as a member of IHC Support Staff, had detailed knowledge of COINS.	
prior experience was that thorough performance as CIA Manager for COINS took something like 25% of his time. One alternative for consideration might be to assign both of these people to this, and leave it to them to split the duties between them. Since is senior, he should have the title. This might provide at least an intering solution for, say, the balance of this calendar year, and thereafter it could be reassessed.	1
Acting Chairman
